  in the contemporary U.K. and U.S. politics
- Anarchism as a political orientation and a worldview
- A fragile democracy:
  the contemporary political crisis in Myanmar
- The Arab Spring and its impact
  on the contemporary Middle East

History Research Proposal Topics

- History and evolution of Buddhism in the world
- The destiny of the Jewish people during World War II
- The memory of World War II in the United States
- Witchhunt in Europe during the Middle Ages and Renaissance
- Vladimir Lenin and Joseph Stalin: a comparison of policies
- The French Revolution and its impact on the history of 19th century Europe
- European colonization of the Americas and the fate of Native Americans
- The history of racism in the United States

Research Proposal Topics in English and World Literature

- Analysis of Poe's style in *The Raven*
- Lost hope in Hemingway's *A Farewell to Arms*
- Racial discrimination in *Uncle Tom's Cabin*
- The character of Sonya Marmeladova in Fyodor Dostoyevsky's *Crime and Punishment*
- The tragic love in Shakespeare's *Romeo and Juliet*
- The real-life plausibility of the role of Dorian's portrait in Wilde's *The Picture of Dorian Gray*
- The character of Eliza Doolittle in G. B. Shaw's *Pygmalion*
- Melville's *Moby-Dick*: a story of a captain's folly
- *Jane Eyre*: the story of Cinderella by C. Brontë

Business Research Proposal Topics

- Advertising strategies and the importance of advertising for business
- Strategies for running a business
- Importance of business planning
- The impact of employee motivation on their performance
- Disaster preparedness plans for the business
- Ways to transition to a new organizational culture
- The most effective leadership styles for various types of businesses
- Environmental friendliness of a business: additional spending or a way to make more profit?

Business Research Proposal Topics

- Business management and its effect on profits.
- The impact of various types of stakeholders on the success of a business
- Business management and innovation
- Effective energy management and its role in sustainable development
- Social entrepreneurship in developing countries
- Ethics and corporate social responsibility
- Accounting and accountability
- Business management and its effect on profits.

Sample Research Proposal on Education Topics

- Innovative approaches to contacting problematic children
- Aesthetic education as a basis for child development
- Advantages and disadvantages of a testing system
- The importance of early interventions in special education for children with disabilities
- The use of innovative technologies in education
- The effectiveness of online universities in providing education
- University education in a narrow specialization: a way to increase professionalism, or to create ignoramus?
- Innovative approaches to teaching
- The impacts of inclusive education on children without special needs
- Classroom management techniques for high school

Chemistry Research Proposal Topic Ideas

- Chemistry of LSD
- Chemistry synaptic transmitters
- Alchemy in relation to physics
- The impact of the temperature on chemical reaction speed
- The use of organometallic compounds in the industry
- The use of organic solvents in the contemporary world
- The difference between covalent and ionic bonds
- The mechanisms of reaction catalysis and inhibition
- Chemically related toxicants: their impact on human health
- Allergy and chemistry: interrelations
- Respiratory toxicity: Chlorine
- Anthropogenic chemicals in the contemporary world
- Toxicity profiling and its importance

Psychology Research Proposal Topics

- Jean Piaget's contribution to psychology
- Role of methodology in developmental research
- Importance of being knowledgeable about cognitive psychology
- The role of the family in the socialization of an individual.
- Family vs. community: a problem for African American people
- The potential consequences of an untreated post-traumatic stress disorder
- The phenomenon of bullying in high schools from a psychological point of view
- Sociopathy and psychopathy: similarities and differences
- The psychological causes of employee resistance to change.
- Empathy from an evolutionary point of view

Environmental Research Proposal Topics

- World's coral reefs: how to prevent destruction
- Climate change: a scientific approach
- LED lights and their role in environment protection
- Acid rains and endangered species
- Clothing industry and their impact on water contamination
- Alternative energy and transportation
- Fukushima disaster, Arkhangelsk explosion, and Chernobyl: compare and contrast
- Radon: how to protect families from its impact?
- Rainforests and their ecosystem

Research Proposal Topics in Philosophy

- What is the meaning of life?
- Ideas of philosophy and religion in
  Mary Shelley's *Frankenstein*
- Theodicy in the works of medieval philosophers
- Refutation of proofs of God's existence in I. Kant's
  Critique of Pure Reason
- Aristotelian *Physics*: verbalization of the
  "intuitively obvious"
- The concept of political power in John Searle's works
- The role of Aristotle's works in the medieval
  Christian philosophy
- Thomas More's *Utopia* and Tommaso Campanella's
  The City of the Sun: a comparison of two utopias
- Roger Bacon as the father of the experimental
  method in science

Research Proposal Topics
in Development Studies

- Education and success: interrelations
- Human rights: the impact of non-government organizations and social movements
- Conflicts and their impact on livelihood
- Waste management programs: how they influence society
- Women empowerment: how it contributes to women's independence
- Social institutions and economic development: interrelations
- The role of social movements in promoting equality
- Globalization and the country's development
- Women leaders and their role in the country's development

Social Science Research Proposal Topics

- The impact of citizen's wealth elections
- Correlation between the personality,
  income, and career choice
- Population background and racial discrimination
- State pension age and its effect on the labor market
- Investing behavior: neuroeconomic approach
- Poverty among ethnic minorities
- Fiscal policy and its correlation to asset pricing
- Racial identity and conflicts: interrelations
- Social responsibility: developing countries

Medical Research Proposal Topics

- Addictions among young people: treatment and prevention
- Healthcare equality for minorities
- Healthcare in the rural area
- Movement disorders: treatment
- Childhood obesity: prevention
- Pediatric transplants: patient survival
- Health education in high school
- Stress and depression among youth
- Mental health education

IT Research Proposal Topics

- Comparative genomics: data visualization
- Real-time feedback in education
- WLAN Networks: H.264 video transmission
- Wireless Multimedia Sensor Networks (WMSN): performance
- WLAN Network: improvement of FEC algorithms
- Software sizing and pricing: correlation
- Component-based software engineering (CBSE) process: ways to improve
- User's behavior in social networks
- Education technologies in higher education

Biology Research Proposal Topics

- Stem cell research: cloning
- Honey bees disappearance
- Cancer, stress, and treatment
- Heart health and stimulants: interrelations
- Diets and healthy food
- Pregnancy and hormones
- Human impact on marine life
- Drug medicine in pediatrics
- Indoor life and diseases: correlations

ICT Research Proposal Topics

- Machine learning in the prediction of students' success
- Students' profile and study courses
- Augmented Reality (AR) and Virtual Reality (VR) in education
- Learning preferences and customized study process
- IoT and teachers' effectiveness
- VR and AR role in the assessment process
- Gamification in education
- Social media and group projects
- Mobile apps: usage growth
